Space & Naval Warfare Systems Command Awards Contract

SAN DIEGO — General Dynamics, Network Systems, Needham, Mass., is being awarded a \$7,881,900 NTE modification under Voice Video and Data Contract (N68939-97-D-0041), Order NS58, for Base Level Information Infrastructure server farm upgrade material and installation. The contractor will procure hardware and software, conduct site surveys, complete site preparation, perform configuration and integration of the server farm, participate in government provided initial training (train-the-trainer), and conduct operational testing under the direction of Space and Naval Warfare Systems Center, San Diego, Calif. These upgrades will expand server farm capability in order to provide a standardized Information Technology (IT) infrastructure, centralized IT services, and secure end-to-end connectivity to all participating Navy users. The cumulative value of this contract, including this modification, is \$18,980,554. Work will be performed in a number of U.S. and foreign locations including Needham, Mass. (4%); Chinhae, Korea (12%); Rota, Spain (12%); London, UK (12%); Misawa, Japan (12%), Okinawa, Japan (12%) and Atsugi, Japan (12%); Diego Garcia (12%), and Singapore, Japan (12%) and is expected to be completed by October, 2004. Contract funds will not expire at the end of the current fiscal year. This order was not competitively procured, and is a follow-on procurement to a competitively placed order. Space and Naval Warfare Systems Command, San Diego, Calif., is the contracting activity (N68939-97-D-0041).
